

Serampore Girls' College
Department of Botany

Problem solving methodology
Semester-II
Open house program

- **Session:** 2023-2024
- **Event type:** Problem Solving methodology
- **Event Date:** 25/06/2024
- **Duration:** 1 day (2 Hrs)
- **Resource person:** Dr. Madhusree Halder, Serampore Girls' College, Department of Botany. Dr. Nilotpall Chattopadhyay, Serampore Girls' College, Department of Botany.
- **Topic:** Open house program
- **Attendance:** 8
- **Objective:** To help student understanding their needs and queries about better learning experiences.
- **Brief description:** 8 students of semester II attended the program. We arrange the program in room number- NB13, Serampore Girls' College. Students discuss their problems about academic as well as non-academic problems. They repeatedly ask about railway concession, book shortage in library.
- **Outcome:** Students open up about their own queries that helps teacher to understand how to guide them for better teaching-learning experiences.
