

SERAMPORE GIRLS' COLLEGE

AFFILIATED TO UNIVERSITY OF CALCUTTA

DEPARTMENTAL REPORT

# Department *of Physics*

FACULTY OF SCIENCE · PHYSICAL SCIENCES

ACADEMIC YEAR

◆ 2024 – 2025 ◆

# Serampore Girls' College

13, T.C. Goswami Street, Serampore, Hooghly - 712201, West Bengal, India

Established in 1981 — Re-accredited by NAAC (3rd Cycle): B++

## Teachers' Day Celebration

**Date:** 01/10/2024

**Time:** 11:00 a.m. – 3:30 p.m.

**Venue:** NB 21

**Department(s):** Computer Science, Mathematics, Physics, Electronic Science, Botany, Zoology, Chemistry

**Objective:** To celebrate Teacher's Day.

### Number of Attendees:

Students: 26

Teachers: 8

**Outcome:** It enhanced the teacher-student relationship.

## Notice: Teachers' Day Celebration

**Date:** October 1, 2024

**Time:** 11:00 a.m. – 3:30 p.m.

**Venue:** Department of Physics, Serampore Girls' College

The Department of Physics is honored to announce a special celebration in observance of Teachers' Day. This event is dedicated to acknowledging the invaluable contributions of our esteemed faculty members who tirelessly dedicate themselves to academic excellence and student mentorship.

All students, staff, and faculty are cordially invited to join us in expressing our profound gratitude and respect for the educators who shape our future. We look forward to your presence at this significant occasion.

## 6. Departmental Activities:-

### Career Counselling Program 2024-25

**Date:** 07/09/2024      **Time:** 12 noon      **Venue:** Room NB - 17

**Objective:** To encourage students to learn about the modern requirement in IT Sector. To make them know how to join in IT Sector.

**Program Details:** Department of Sciences (Computer science, Physics) has arranged a career counselling program to discuss about different Job Aspects in IT Sector. Sanchari Sen, Senior Software Engineer, Capgemini Service India Pvt. Ltd. Kolkata discussed about different topics on Jobs in IT. She is also ex-student of Department of Computer Science. 15 Students of 1st, 3rd and 5th Semesters participated on this session. The session was interactive and very effective. The topics described in the session were:

- Understanding the IT Industry
- Skills Required
- Educational Pathways
- Career Options
- Job Search Strategies
- Networking and Professional Development
- Interview Preparation for IT Industry etc.

**Outcome:** We, the team of Departments of Sciences, were really flabbergasted by the immense response of our students to take part in the event. The newer age with shiny intelligence actually struck their mark for sure. We are quite hopeful for such future endeavors if our honorable college authority allows us to arrange the fruiting of such plans.

## Parent Teacher Meeting Report

Session: 2024–2025

**Event Type:** Parent Teacher Meeting

**Event Date:** 18/12/2024

**Event Time:** 12 noon

**Subject Teacher:** Dr. Sandip Majumdar

**Attendance:** 7

**Objective:** To show the students attendance (in %), CIE results and behavior of students to parents.

**Brief Description:** Students of Semester I were present in the meeting with their guardian.

**Outcome:** Discussion about their studies were made through one-to-one communication.

# NOTICE

**Date:** 20th November 2024

This is to inform all Semester I students (Major and MDC) of the Department of Physics that a **Parent-Teacher Meeting** will be held as per the following schedule:

**Date:** Wednesday, 18th December 2024  
**Time:** 11:00 AM onwards  
**Venue:** Department of Physics, Serampore Girls' College

All students are requested to inform their parents/guardians and ensure their presence for a fruitful interaction regarding academic progress and attendance.

Your cooperation in making the meeting successful will be highly appreciated.

## Educational Tour Report

Session: 2024-2025 — Event Type: Educational Tour — Date: 2024-12-20

### TOUR DETAILS

**Departments:**

Computer Science, Mathematics, Physics, Electronic Science

**Participants:**

15 students from Semester-I & III

**Venue:** Science City, Kolkata

**Schedule:**

- Departure: 9:00 AM from Serampore
- Activities: Science exhibits, educational shows
- Meals: Lunch & snacks provided
- Return: 7:00 PM to Serampore

### OBJECTIVES

- Enhance understanding of scientific phenomena
- Promote teamwork and social skills
- Encourage independent learning
- Foster creativity and critical thinking
- Provide break from classroom routine

### PROGRAM DESCRIPTION

The interdisciplinary tour organized by science departments provided hands-on learning experiences through interactive exhibits on electricity, magnetism, and optics. Students engaged with practical demonstrations, attended educational shows, and participated in group discussions. The visit served as an effective bridge between theoretical knowledge and real-world applications.

### LEARNING OUTCOMES

- Improved understanding of scientific principles through immersive exhibits
- Enhanced team-building skills through collaborative activities
- Development of analytical thinking via interactive demonstrations
- Increased environmental and scientific awareness
- Refreshment of academic motivation through experiential learning

### NOTICE

Dept. of Computer science, Mathematics, Physics and Electronic Science have arranged an Educational Tour for B.Sc. (Major / Minor) semester I and III students on 20<sup>th</sup> December (Friday) to Science City, Kolkata. Interested students have to submit Rs. 450 to Mrs. Nabamita Nath till 17<sup>th</sup> December, 2024. Students are requested to carry Identity Card, small tiffin and sufficient Water. Lunch will be provided. Further information can be gathered from the department.

**NOTICE OF THE STUDY TOUR**

# **Report on Open House Program**

## **Department of Science**

### **Serampore Girls' College**

Date: 21st May 2025  
Time: 12:30 PM

#### **1. Objective**

The primary objective of the Open House program was to establish an open and supportive dialogue between the students and the faculty members of the Department of Science. The main goals included:

- Addressing academic issues and learning challenges faced by students.
- Discussing concerns related to teaching methods, laboratory sessions, and examinations.
- Identifying and resolving infrastructure-related concerns within the department and the college.

#### **2. Description**

The Open House was held on 21st May 2025 at 12:30 PM within the Science Block of Serampore Girls' College. Faculty members from the departments of Physics, Chemistry, Mathematics, and Electronic Science actively participated in the event.

During the session, students raised various academic issues, such as:

- Difficulty in understanding complex topics in certain subjects.
- Requests for extra tutorial and remedial classes.
- Suggestions for modernizing laboratory equipment and increasing practical exposure.

In addition to academic concerns, students also shared feedback regarding:

- Inadequate availability of textbooks and reference materials in the library.
- Poor ventilation in some classrooms.

- Limited internet access and digital resources.

Faculty members attentively listened to each point and assured appropriate action. Immediate solutions were discussed where feasible, while others were documented for discussion with the college administration.

### **3. Outcome**

The program achieved its intended goals and yielded positive results:

- Students appreciated the opportunity to voice their concerns in an open and respectful environment.
- Teachers gained deeper insight into the challenges faced by students, which will help improve teaching and support strategies.
- Plans were initiated for follow-up actions, including addressing infrastructure issues and scheduling additional academic support sessions.
- The session strengthened mutual trust and communication between students and faculty.

Department of Physics

Semester: II (MDC) | Number of Students: 3 | Academic Year:  
2024–2025

### Project Summary

**Project Title:** *Introduction to Graph Plotting (2D only, using GNUPLOT) and Introduction to Programming in Python*

### Objective

- To introduce 2D graph plotting using GNUPLOT.
- To provide basic knowledge of Python programming.
- To apply computational tools in solving physics problems.

### Outcome

- Students learned to plot 2D graphs using GNUPLOT.
- Gained basic Python programming skills.
- Understood the role of coding and plotting in physics applications.

**Project Coordinator:** Dr. Sandip Majumdar (HOD, Dept. of Physics)

Date: 25.07.2025

Time: 11:00 AM – 8:00 PM

## INTRODUCTION TO COMPUTER PROGRAMMING AND GRAPH PLOTTING

**Full Marks: 100**

*(Each student will answer one question from Part 1 and one from Part 2)*

### Part 1: Introduction to Graph Plotting (2D only, using GNUPLOT)

**Q1.** Plot the function  $y = \sin(x)$  in the range  $x = 0$  to  $x = 2\pi$  using lines. Make sure to label the axes and add a title.

**Q2.** Given a data file `data.txt` with two columns (x, y), plot the data as points. Label the axes and add a suitable title.

Sample data:

```
1 2
2 3
3 5
4 4
5 7
```

**Q3.** Plot  $y = x^2$  for  $x$  from  $-5$  to  $5$  using `linespoints` style, with a specific linetype and increased linewidth. Set the y-axis range from 0 to 30 and customize the plot appearance.

### Part 2: Introduction to Programming in Python

**Q4.** Create a list of integers from 1 to 10. Use a loop to print only the even numbers from the list. Then, append the number 12 to the list and display the updated list.

**Q5.** Write a Python program that takes an integer input from the user and:

- Checks whether it is positive, negative, or zero using `if-elif-else`.
- Prints all even numbers from 0 to that number using a `for` loop.
- Uses a `while` loop to calculate the sum of all odd numbers from 1 to that number.

**Q6.** Write a Python program to perform the following operations on a list:

- Create a list of numbers

- Find the length, sum, minimum, and maximum values using built-in functions
- Add a number to the end of the list
- Sort the list in ascending order
- Print the final list

**Company Name:** Ardent Computech Pvt. Ltd.

**Internship Topic:** DATA SCIENCE AND DATA VISUALIZATION USING PYTHON

**Start Date:** May 16, 2025

**End Date:** Jun 11, 2025

**Attendees:** 11( 7 Major+ 4 MDC) students of Semester IV from SERAMPORE GIRLS COLLEGE

**Internship Goals and Objectives**

1. Understand the fundamentals of data analysis and data visualization
2. Learn the workflow of handling, cleaning, analyzing, and visualizing data using Python
3. Gain hands-on experience with key Python libraries for data science
4. Apply skills to solve real-world data problems through a project-based approach

**Internship Objectives:**

1. Learn core Python programming concepts relevant to data analysis
2. Explore NumPy for numerical operations and Pandas for data manipulation
3. Visualize data using Matplotlib, Seaborn, and Plotly
4. Perform exploratory data analysis (EDA) to extract insights
5. Complete an end-to-end data analysis and visualization project using real datasets

**Modules and Learning Outcomes:**

Module	Learning Outcomes
Python Basics	Variables, control structures, functions, and data types
NumPy	Numerical operations and handling multi-dimensional arrays
Pandas	Data manipulation, cleaning, and transformation
Matplotlib	Creating basic charts and plots for data visualization
Seaborn	Advanced visualizations like heatmaps, pairplots, and trend graphs

2.1 Internship for students: Internship and Institution interaction will provide an insight into the latest developments / requirements of the industries; the Second Party will arrange internships for the Students of the First Party in association with other companies.

This Memorandum of Understanding (hereinafter called as the 'MoU') is entered into on this the 3<sup>rd</sup> day of March 2025 by and between,

**Serampore Girl's College, 13, T.C. KL Goswami Street, Serampore, West Bengal 712201**, the First Party represented herein by **Principal** (hereinafter referred as '**First Party**'), the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

And

**Ardent Computech Private Limited, Module No -132, SDF Building, Sector -V , Kolkata -700091** the second party, and represented herein by its Director **Mr. Indranil De Sarkar**, (hereinafter referred as '**Second Party**'), the institution which expression, unless excluded by or repugnant to the subject or context shall include its successors – in-office, administrators and assigns).

WHEREAS:

- A) First Party is a Higher Educational Institution named: **Serampore Girl's College**
- B) First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources, and provide each of them with enhanced opportunities.
- C) The Parties intent to cooperate and focus their efforts on cooperation within area of Internship , Skill Based Training, Education, Placement, Industrial Visit, Expert Lecture.
- D) **Ardent Computech Private Limited** the Second Party is engaged in Technology Training & Development & Internship.

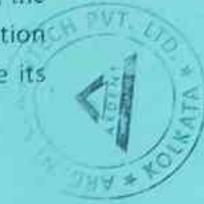

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

#### CLAUSE 1: CO-OPERATION

- 1.1 Both Parties are united by common interests and objectives, and they shall establish co-operation.
- 1.2 First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities.
- 1.3 The parties shall co-operate with each other and shall as promptly as is responsibly practical, relevant agreement.

#### CLAUSE 2: SCOPE OF THE MoU

- 2.1 Internship for students: Internship and Institution interaction will provide an insight into the latest developments / requirements of the industries; the Second Party will arrange internships for the Students of the First Party in association with other companies.

# SAMPLE CERTIFICATES

**Reference No:** [ARDENT/149255](#)

**Issue Date:** [June 11, 2025](#)

To,

[KUSUMITA GHOSH \(CU REGN. NO: 614-1241-0265-23, CU ROLL NO: 233614-11-0008\),](#)  
[SERAMPORE GIRLS' COLLEGE](#)

**Subject:** Hands-on Industrial Training and Internship Completion Certificate

Dear **Intern,**

We are pleased to present you with this **CERTIFICATE** in recognition of your successful completion of the **HANDS-ON INDUSTRIAL TRAINING and INTERNSHIP** on

**PYTHON AND ITS APPLICATIONS**

at **Ardent Computech Pvt. Ltd.** from [May 16, 2025 to June 11, 2025 \(60 HOURS\)](#).

You have demonstrated dedication, professionalism, and a strong willingness to learn throughout your internship.

Your performance throughout the internship was commendable, and you exhibited excellent communication, problem-solving and teamwork skills. Your contributions were valuable to our organization, and we sincerely appreciate your hard work and dedication. We extend our best wishes to you for a successful career and hope that the knowledge and experience you gained during this internship will benefit your future endeavors.

Best Wishes,

**Indranil De Sarkar**  
Director - HR

# 1. Company Profile: Ardent Computech Pvt. Ltd.

**Ardent Computech Pvt. Ltd.** is a premier Indian organization specializing in IT services, professional training, and skill development programs. It has a proven track record of excellence in delivering **industry-aligned, high-impact education**. Recognized for its strong industry partnerships and innovative teaching methodologies, Ardent serves as a bridge between academic theory and professional practice.

Over the years, Ardent has expanded its training portfolio to cover a wide range of **in-demand technologies and tools**, including:

- Artificial Intelligence (AI) and Machine Learning
- Data Science and Cloud Computing
- Full Stack Web Development
- Cybersecurity
- Digital Marketing
- AI-Powered Office Automation and Content Creation
- Microsoft Excel and Advanced Excel
- Power BI and Business Intelligence Tools

## Expertise in Degree College Internships

Ardent is a **trusted partner for numerous degree colleges and universities across India**, delivering **structured internship programs** that combine theory with practical exposure. These internships are designed to meet undergraduate and postgraduate students' academic needs while equipping them with **job-ready digital and analytical skills**.

Ardent has successfully conducted internship programs in collaboration with esteemed institutions in technical and non-technical streams. Their internships are distinguished by:

Here is your list formatted clearly:

- Hands-on modules with real-time tools and applications
- AI-enabled project development and workflow automation
- Exposure to business communication, content strategy, and data-driven decision-making
- Industry-based certification upon completion

# Innovation in AI and Automation

Ardent has pioneered **AI-powered training modules** such as:

- **Office Automation using AI** (Google Workspace, ChatGPT, Notion AI)
- **AI for Digital Content Creation** (Canva AI, Grammarly, Pictory)
- **Marketing Automation** using SEO, Social Media Planning, and Lead Nurturing Tools
- **Web technology**
- **App development**
- **Data Engineering**
- **Cyber Security**
- **Cloud Technology**

These innovative programs help learners across disciplines—commerce, humanities, and science—adapt to modern workplace expectations.

## Vision and Commitment

Ardent's mission is to **empower the youth of India** with practical, affordable, and future-ready skills. Through its **blended learning approach**, real-world projects, and mentorship, Ardent is committed to shaping professionals who are **technically proficient, ethically responsible, and globally competitive**.

## 2. Introduction to the Internship

This 15-day internship offered a practical and hands-on introduction to **Python-Based Data Analysis and Data Visualization**. Learners explored essential tools and libraries such as **Python, NumPy, Pandas, Matplotlib, Seaborn, and Plotly**, progressively building skills to clean, analyze, and visualize real-world datasets. The program emphasized developing data-driven insights and presenting them through interactive and meaningful visualizations using Python.

## 3. Internship Goals and Objectives

### Internship Goals:

1. Understand the fundamentals of data analysis and data visualization
2. Learn the workflow of handling, cleaning, analyzing, and visualizing data using Python

3. Gain hands-on experience with key Python libraries for data science
4. Apply skills to solve real-world data problems through a project-based approach

### Internship Objectives:

1. Learn core Python programming concepts relevant to data analysis
2. Explore NumPy for numerical operations and Pandas for data manipulation
3. Visualize data using Matplotlib, Seaborn, and Plotly
4. Perform exploratory data analysis (EDA) to extract insights
5. Complete an end-to-end data analysis and visualization project using real datasets

## 4. Internship Schedule, Daily Assignments & Tools Used

Day	Module	Tools Used	Daily Assignment
1	Introduction to Python & Jupyter	Jupyter Notebook, Anaconda	Write: “What is Data Analysis and Data Visualization?”
2	Python Basics for Data Science	Jupyter Notebook	Write a Python script to take user input and display statistics
3	Data Structures in Python	Jupyter Notebook	Use lists and dictionaries to organize student data
4	NumPy Essentials	NumPy, Jupyter	Perform array operations and generate basic statistics
5	Pandas Basics	Pandas, Jupyter	Load CSV and perform data cleaning
6	Data Aggregation with Pandas	Pandas, Jupyter	Group data and calculate averages
7	Data Visualization Basics	Matplotlib	Plot line chart and bar chart with sample data
8	Advanced Visualization	Seaborn, Matplotlib	Create heatmaps and pairplots
9	Exploratory Data Analysis (EDA)	Pandas, Seaborn	Perform EDA on given dataset

Day	Module	Tools Used	Daily Assignment
1	Introduction to Python & Jupyter	Jupyter Notebook, Anaconda	Write: “What is Data Analysis and Data Visualization?”
10	Introduction to Plotly & Interactive Charts	Plotly, Jupyter	Create an interactive pie chart and scatter plot
11	Introduction to Data Cleaning & Handling Missing Data	Pandas, NumPy	Handle missing values using different strategies
12	Data Correlation and Trend Analysis	Pandas, Seaborn	Analyze trends using correlation matrices
13	Project Data Collection & Cleaning	Python, Pandas	Load a dataset and prepare it for analysis
14	Project Analysis & Visualization	Pandas, Seaborn, Matplotlib	Analyze the dataset and visualize key findings
15	Final Presentation	PowerPoint, Jupyter, Screenshots	Present your data analysis project with visuals and code samples

## 5. Modules and Learning Outcomes

Module	Learning Outcomes
Python Basics	Variables, control structures, functions, and data types
NumPy	Numerical operations and handling multi-dimensional arrays
Pandas	Data manipulation, cleaning, and transformation
Matplotlib	Creating basic charts and plots for data visualization
Seaborn	Advanced visualizations like heatmaps, pairplots, and trend graphs
Plotly	Interactive and web-based data visualizations
Exploratory Data Analysis (EDA)	Identifying trends, patterns, and insights from datasets

Project Development	End-to-end data analysis and visualization workflow using real datasets
---------------------	---

## 6. Project Development Phase

Developed a complete data analysis and visualization project (e.g., Sales Report, COVID-19 Trend Analysis, Student Performance Insights), including:

- **Data Collection and Import** (from CSV/Excel/public datasets)
- **Data Cleaning and Preprocessing** (handling nulls, type conversions, filtering)
- **Exploratory Data Analysis (EDA)** (summary statistics, trend identification)
- **Visualizations** using Matplotlib, Seaborn, and Plotly
- **Dashboard Creation** to present insights in a visually compelling format
- **Interpretation of Results** with actionable insights and conclusions
- **Project prepared and executed using Jupyter Notebook**

## 7. Challenges and Solutions

Challenge	Solution
Jupyter Notebook not loading	Restarted Anaconda Navigator and refreshed the browser
Import errors for libraries	Installed missing packages using pip or conda
Data not displaying properly	Checked for missing values and adjusted data types
Graph not rendering	Verified plot commands and displayed using <code>plt.show()</code>
File path errors when loading the dataset	Used absolute paths and verified file locations

## 8. Learnings and Key Takeaways

- Developed a solid understanding of the data analysis workflow
- Gained hands-on experience with Python libraries like Pandas, NumPy, and Matplotlib
- Learned to clean, transform, and visualize real-world datasets
- Performed exploratory data analysis and created insightful dashboards
- Built confidence in presenting data-driven insights using visual storytelling

## 9. Appendix: Tools Used

Tool	Purpose
Jupyter Notebook	Interactive coding environment for data analysis
Anaconda	Python distribution with essential data science libraries
Pandas	Python library for data manipulation and analysis
NumPy	Library for numerical computing and array operations
Matplotlib	Plotting library for basic visualizations
Seaborn	Advanced statistical data visualization library
Plotly	Interactive and web-based data visualization tool
Google Colab (Optional)	Cloud-based Jupyter environment for online collaboration
