Effects of the methods adopted-observance of 'Hindi Diwas' :

That the methods adopted by us have yielded the desired result is manifested in the manner in which the students of Hindi Department observe the 'Hindi Diwas' in September in each year. It is heartening to place that on this day the students of the Department are both commanders and soldiers. They celebrated this day with great enthusiasm and take care of all the niceties of their own without the help of the Teacher. It reflects their mindset and proves that they have gained self-confidence and self-reliance. They exhibit their organising capacity as well as the artistic skill at every stages in each year. In spite of the fact that many of them belong to the poor families, they present the gifts to the teachers. It is a pointer to the fact that they are not self-centred and their hearts are broad enough. They prove their mettle also by organising the cultural programme in a very splendid manner and each year it becomes a great success.
