

Career Counselling Cell

The Career Counseling Cell at Serampore Girls' College is ever ready to aid its students in "choosing the profession that resonates with their passions." This Cell plays a pivotal role in uncovering job prospects for the undergraduate scholars. Comprising a team of dedicated professionals, the Career Counseling Cell of the College is perennially eager to furnish exceptional guidance for the betterment of the students. It boasts extensive networks with private enterprises, educational institutions, and various non-academic government and non-government sectors, all in pursuit of its core mission: placing students within esteemed organizations. The Cell has been instrumental in guiding current students toward diverse employment opportunities. Furthermore, the Cell aspires to construct a bridge between the realms of employment and education, fostering a symbiotic relationship that benefits the institution's students. Each year, a multitude of companies is extended invitations to the college, where they conduct student recruitment programs. On a regular basis, the Cell also orchestrates a series of guest lectures by Career Counselors, ensuring that eager students are equipped with a brighter future and enhanced job prospects.

Key Objectives:

- Facilitating students in crafting a promising future.
- Enhancing student awareness regarding potential career paths and aiding in the delineation of professional objectives.
- Supplying job openings and information on a spectrum of higher education programs within India.
- Identifying eligible potential employers and aiding them in the realization of their employment goals.
- Serving as a conduit between students, alumni, and potential employers.
- Coordinating on-campus recruitment drives with reputable companies and business organizations nationwide.
