**Date-** 28.06.24

**Time-** 2pm

**Venue-**NB-8

**Speaker-** Dr.Sandip Majumder

**Honorable Guest-** Principal maam, G.B member,& TCS.

The growing concern with environmental issues and their impact on general awareness is one of the most noticeable phenomena of the last two decades. Increase in economic activities in developing countries results in more energy and consumption demand which generally leads to environmental degradation. There is a conventional belief that such environmental degradation would resolve as soon as these countries grow economically, Since our college(SERAMPORE GIRLS COLLEGE) enable them to afford environmental friendly technology as well as pro environmental regulations and policies. The target was college students because environmental education is part of their curriculum; they can implement what they learnt. This study will support those who are working with for the environment related cases. The target was college students because environmental education is part of their curriculum; they can implement what they learnt. This awareness programme will make them concern about their campus and surroundings. To make students aware about environmental practices regarding to the usage of plastic and its disposal, alternative for plastic, toilet usage, its use in the cultivation of saplings, rainwater harvesting and also their participation in environment related programmes in college campus.
